BRAIDSPLACE

LIVING HAIR ART

Visual performance | 20 minutes
7-10 models

JOHANNESBURG

APRIL 2027

Hair becomes a living artwork: it enters the stage, moves with the body and comes alive.

Original hair creations, fashion and movement form a sequence of living tableaux under the artistic direction of Florence Prévot.

BRAIDSPLACE AFRICA TOUR

Proposal for arts venues and creative partners in Johannesburg

Florence Prévot | braidsplace.za@gmail.com

A PERFORMANCE IN MOTION

THE ARTISTIC PROPOSAL

Living Hair Art brings together artistic hairstyling, visual art, fashion and movement. Each hairstyle becomes an artwork revealed through the body and silhouette of a model. The audience encounters a succession of living tableaux rather than a conventional runway show.

FORMAT

Approximately 20 minutes on stage with 7 to 10 models. The work can be presented as a standalone performance and, where space allows, accompanied by a display of selected photographs.

JOHANNESBURG - APRIL 2027

Following an invitation to participate in the Cape Town International Jazz Festival in March 2027, BRAIDSPLACE is exploring a Johannesburg presentation as part of the Africa Tour. Dates and the local format will be agreed with the host.

A PERSONAL CONNECTION

I love Johannesburg. Its energy and creative spirit make me want to bring Living Hair Art to the city and share the work with its artists and audiences.

LOCAL CREATIVE COLLABORATION

I would especially love to collaborate with Johannesburg-based designers and hairstylists. I imagine a creative dialogue around hair, fashion and movement, shaped together with local artists and models. We can define the scope, credits and practical arrangements with each partner.

HOSTING CONVERSATION

Let us discuss an April date, a performance or exhibition space, local collaborators and models, production and technical support, an artist fee or in-kind contribution, and any venue costs. A written expression of interest can support funding applications.
