BRAIDS PLACE

Living Hair Art Performance

20 minutes • 7–10 models

CAPE TOWN

International Jazz Festival 2027

Create with hair an artwork that does not remain hung on a wall: it enters the stage, it walks, it comes alive.

Artistic hairstyling, fashion, modeling, movement and art. A succession of living tableaux where each hairstyle becomes an artwork revealed through the body, silhouette and movement.

CAPE TOWN INTERNATIONAL JAZZ FESTIVAL 2027

BRAIDSPLACE — LIVING HAIR ART

From image to stage: bringing the tableaux to life.
Alongside the artistic creations, a 4 to 5-minute film is currently being produced. It will document the backstage moments, the creative process, and the birth of the different tableaux, from their conception through to their movement on stage.

FROM IMAGE TO PERFORMANCE

The project includes a public presentation at the Cape Town International Jazz Festival 2027: for the first time, the tableaux will step out of the image to parade and come to life directly on stage in Cape Town.
Artistic hairstyling, fashion, modeling, movement, image, and video come together in the same living exhibition.

A PROJECT TO SUPPORT

Grant applications are currently underway to support the audiovisual production and its presentation in Cape Town.
The project is also open to partnerships and sponsorships, particularly around film production, artistic creation, travel and mobility, and the presentation of the performance in South Africa.

BRAIDSPLACE — Florence Prévot

"Create with hair an artwork that does not remain hung on a wall: it enters the stage, it walks, it comes alive."
